

We are pleased to inform you that the Academy of the Maggio Musicale Fiorentino – Opera di Firenze, Italy, has now opened the selections for the admission to Advanced Vocational Training Courses, a.y. 2015-16.

The admission is reserved to Opera singers and Répétiteurs (opera coaches / rehearsal pianists) who have already acquired a good technique but need a higher qualified specialization and work experiences for a solid beginning and advancement of their career.

The young artists selected will be offered the opportunity to study and to live the theatrical experience at the Florence Opera House day by day, for a full academic year.

Conditions of participation are particularly advantageous:

- No fees for attendance
- Curriculum provides for participations in operas and concerts scheduled in the billboard of Opera di Firenze and in those of partner musical Institutions
- Scholarships are provided for almost all students, up to a value of Euro 1,800 per month (from November 2015 to June 2016).

The Artistic Direction of the Academy is entrusted to maestro Gianni Tangucci.

We think that this initiative could be interesting for your graduate students or your final-year students; therefore, we would like to ask you to give the widest visibility and dissemination to this information and to the promotional posters that you can find at the following links:
