

## 2025 Taiwan-Europe Semiconductor Short-term Training Program

# Your Next Big Step In IC DESIGN Starts Here.

### Integrated Circuit Design and Implementation Courses

Program 1  
Jun 30 - Jul 25

#### Who can apply :

Junior, senior, and graduate students with a VLSI course or other related courses grade of A- or higher.

Design Trends and Technological Transformations in Semiconductor  
for 1 week: **National Taiwan University**

or Emerging Trends and Future Directions in Semiconductor Technology and  
IC Design

for 1 week: **National Cheng Kung University**

&

Practical Training for 3 weeks:

**Taiwan Semiconductor Research Institution**

Program 2  
Jul 7 - Aug 1

Practical Training for 4 weeks:

**Taiwan Semiconductor Research Institution**
